DECISION AND ORDER
DENYING APPELLANT'S MOTION FOR RECONSIDERATION

On August 8, 2026, the Court issued a Decision and Order on Appeal affirming the Bank's Township Zoning Board of Appeals affirmation of the Zoning Administrator. On August 25, 2026, Plaintiff-Appellant (hereinafter "Appellant"), filed a Motion for Reconsideration. Separately, on August 27, 2026, Defendant-Appellee (hereinafter "Appellee") filed Motion for Leave to File Response to Plaintiff-Appellant's Motion for Reconsideration. The Court having now reviewed all documents submitted, dispenses with oral argument, pursuant to MCR 2.119(E)(3), and issues this written decision and order for the reasons stated herein.

The standard for reviewing motions for reconsideration is codified at MCR 2.119(F), entitled Motions for Rehearing and Reconsideration, and reads in pertinent part, as follows:

> Generally, and without restricting the discretion of the court, a motion for rehearing or reconsideration which merely presents the same issues ruled on by the court, either expressly or by reasonable implication, will not be granted. The moving party must demonstrate a palpable error by which the court and the parties have been misled and

show that a different disposition of the motion must result from correction of the error.

The Court finds that the Appellant's Motion for Reconsideration presents the same issues previously ruled on by the Court, either expressly or by reasonable implication. The Court does not find that a palpable error has been demonstrated and that a different disposition of the motion must result from the correction of an error.[1]

Therefore, for the reasons stated herein, Appellant's Motion for Reconsideration is denied.

IT IS SO ORDERED.
